

Innovation in Student Engagement in Health and Social Care

UNIVERSITY OF
LINCOLN

Using media to Flip learning

Flipped Learner Feedback

1. Access learning when wanted
2. Better prepared for class
3. Flexibility for distance learners
4. Enjoy collaborating
5. Taking learning further
6. Professional development

Better Engagement and Teaching

- Continuing professional development
- Student centred curriculum and pedagogies
- Learner friendly design and use of technology
- Interdisciplinary teaching for graduate gains
- Networks to share and build best practice
- Developing digital agility and infrastructure

How Students Participate in Teaching

- Students Consulting on Teaching (SCoT)
- Joint student and staff peer review of practice
- SCoTs inform debate on great teaching
- Cross year teaching and peer led approaches
- Flipping the classroom to extend participation

Building a learning community

Embedding learning partnership culture

- What we mean and what we expect
- Student as Producer
- Student Engagement Strategy
- Developing Pedagogies of Partnership
- Student engagement in teaching and HE

Supporting Structures

- Dedicated student engagement team
- Student Engagement Champion Network
- Enhancing student representation
- Training and Learning Partnerships
- Support for staff and student progression

How SCoTs view great teaching

1. It engages
2. It includes everyone
3. Content is right
4. Delivered at a good pace
5. Challenge and inspiration
